

Teach Advanced English to Adults, Ready for University and the Workplace

Advanced English (C1 Advanced) is a complete 13-week classroom course for adults who have finished an upper-intermediate course or placed at C1: professionals, university-bound learners, and experienced workers whose English is already fluent and now needs to be precise, academic, and professionally persuasive. Every class is planned to the minute and built around a demanding task: a seminar, a writing lab, an editing workshop, a presentation, or a defense. It works for a trained ESL teacher and for a well-prepared volunteer.

WHY PROGRAMS CHOOSE IT

- ◆ **Zero prep to teach.** Every class adds up to 90 minutes: warmer, input and analysis, focused practice, a demanding main task, feedback, and homework set-up. The skills lessons (critical reading, essay writing, note-taking, seminars) are planned as **workshops**. A teacher can open the guide and teach.
- ◆ **Academic and professional readiness.** Learners practice what universities and employers expect at this level: **reading an argument critically** and naming its weaknesses, **structuring an essay** with a defensible thesis, **writing reports, professional emails, and cover letters, following a lecture** and taking structured notes, and **holding their own in a seminar or meeting**. It fits bridge programs, pre-university pathways, professional re-licensing, and WIOA career-pathway goals.
- ◆ **Writing labs that work.** Every writing lesson ends in a real text, reviewed with a clear peer-review protocol and edited for concision. The course closes with a **position paper** that learners present and defend under questioning.
- ◆ **Precision, nuance, and register.** Advanced future forms, degrees of certainty, the subjunctive, mixed conditionals and the alternatives to *if*, inversion, clefts, nominalization, cohesion, hedging and diplomatic English, phrasal verbs, collocation and connotation, participle clauses, dependent prepositions, and academic vocabulary, taught as **choices** and always put to work.
- ◆ **Accuracy, range, and appropriacy.** C1 learners often plateau: fluent, correct, and still not quite right for the situation. Every lesson gives delayed, targeted feedback on all three, with stretch tasks that push strong learners toward C2.

- ◆ **Debate without division.** Topics stay in workplace, education, technology, health-habits, community, and everyday-science territory, never party politics or religion. Every argument task offers an **assigned side**, so nobody has to reveal a personal view, and personal tasks always allow a **"new identity"** or an imagined example.
- ◆ **A free companion course.** Every lesson mirrors the free online course **Advanced English (C1)** (rays-esl.netlify.app/curriculum-c1) with 🎧 audio on model sentences, dialogues, and a lecture. It serves as homework and review, and lets learners catch up after a missed class. A free tools page shows learners how to translate lessons into their own language.
- ◆ **A clear path forward.** The course is the fifth step of a complete free CEFR ladder (A1 → C2). It follows **Confident English (B2)**, and learners who finish move into **Mastery English (C2)**, with **IELTS Academic Preparation** and **Business English** available alongside.
