

Final Assessment — The Whole Course

Two classes, five realistic tasks, one rubric. **Part A (Class 15):** a 60-minute timed writing paper (a short proposal section with an executive summary, then a cover letter *or* a formal email) and a pair negotiation with private priorities and tradeable variables. **Part B (Class 16):** a capstone pitch (5 minutes + Q&A) and a mock job interview with STAR questions, followed by a debrief and celebration. Each learner receives a **Writing /20** and a **Speaking /20**, comparable with Class 1 and Class 8.

C15 • Writing 60 min + negotiation ~7 min

C16 • Pitch 5 + 2–3 min • Interview ~8 min

Writing /20 • Speaking /20

Rubric & models: [assessment-key.html](#)

HOW TO FRAME IT

"These are the tasks you'll really meet at work or in a job search: a proposal, a formal letter, a negotiation, a pitch and an interview. You've practiced every one. I'm scoring the same four criteria as always. What matters most is that you finish each task: cover the points, keep the register right, and make the next step clear."

Remind learners that any task can be done with a **role card**, and that the interview never asks about salary, visas, age, family or gaps in employment.

RUNNING CLASS 15 • PART A (90 MIN)

STAGE	TIME	INTERACTION	PROCEDURE
Settle & instructions	3 min	T-S	Running order on the board. Hand out the writing paper face down. ICQs: "How many tasks are there?" (Two.) "In Task 2, do you write both options?" (No, choose one.) "How long for Task 1?" (About 35 minutes.)
Timed writing	60 min	S	Individual and silent. Start and finish times on the board. Say at 35 minutes: "You should be starting Task 2." Say at 55 minutes: "Five minutes: check your greeting, your sign-off and your figures." Collect at 60.
Negotiation preparation	5 min	S	Announce pairs and rounds (see the run-sheet). Hand out role cards: Scenario 1 to rounds 1 and 3, Scenario 2 to round 2, so neighbors never share a scenario. Each learner reads their card silently and fills in the planning lines. ICQs: "Can you show your partner your

STAGE	TIME	INTERACTION	PROCEDURE
			card?" (No.) "Can you give something away for free?" (No, always trade.) "What do you do at the end?" (Summarize and confirm.)
Negotiations · 3 rounds	21 min	S-S	Two pairs per round, 7 minutes each round, seated either side of you. Say "One minute" at 6:00; the pair must summarize their deal before time. After their round, each learner writes a short deal memo on the back of their card (the confirming email, 3–5 bullet points). Waiting pairs continue planning silently. Write your notes on the score sheet between rounds.
Collect & close	1 min	T-S	Collect cards and deal memos. Remind them: Class 16 is pitches, interviews and the celebration. Bring the pitch notes and the interview preparation sheet.

Total: 3 + 60 + 5 + 21 + 1 = 90 minutes. Six pairs fit in three rounds. With four pairs or fewer, run two rounds of 9 minutes and use the spare time for a quick debrief. With seven or eight pairs, seat three pairs per round and rely more on the deal memos, or move the last round to the start of Class 16 and use pair pitches there.

RUNNING CLASS 16 · PART B (90 MIN)

STAGE	TIME	INTERACTION	PROCEDURE
Welcome & running order	4 min	T-S	Running order on the board. Give every audience member two blank question slips. ICQs: "When you're in the audience, what do you write on the slip?" (One real question for the speaker.) "How long is each pitch?" (Five minutes.)
Capstone pitches	56 min	S → Ss · T-S	Up to 8 learners: individual pitches, 5 minutes + 2 minutes of Q&A (7 min each). 9–14 learners: pair pitches, a joint 5 minutes + 3 minutes of Q&A (8 min per pair); each partner speaks for at least 2 minutes and answers at least one question, and each is scored individually. Use a phone timer: hold up "1 minute" at 4:00, stop kindly at 5:30. You ask the first question (an objection card); the audience asks the second.
Mock interviews	18 min	S-S · T-S	The class runs peer practice interviews in pairs with the learner interviewer card (8 minutes each way, 2 minutes to swap). Meanwhile, you hold scored interviews with two learners in a quiet corner (interviewer card). All other scored interviews happen in 10-minute slots before or after class, or by video call, within a week (see "Scheduling the scored interviews").

STAGE	TIME	INTERACTION	PROCEDURE
Debrief, certificates & celebration	12 min	T-S · S-S	Pairs: "One moment from this course I'm proud of; one phrase I'll keep using." Hand out certificates if your program provides them, and name each learner's biggest improvement in one sentence (never a score). Final results go back privately within a week. Final homework: online Lesson 4.3 review (https://rays-esl.netlify.app/curriculum-business/lesson_12.html) and the last Performance Tracker entry.

Total: 4 + 56 + 18 + 12 = 90 minutes.

◆ SCHEDULING THE SCORED INTERVIEWS

- ◆ A teacher-led interview takes about **8 minutes** plus 2 for notes: allow 10-minute slots.
- ◆ **Option A:** two learners during the Class 16 interview block, the rest in slots before or after Classes 15–16 or on a video call within a week.
- ◆ **Option B:** a second interviewer (co-teacher, trained volunteer, or a colleague who hires people) runs interviews in parallel during the pitch block, using this pack and the rubric.
- ◆ **Option C:** if you can free time in Class 14's rehearsal block, hold three or four scored interviews there.
- ◆ The interview is scored with the pitch and negotiation into one **Speaking /20**, so a learner who can't attend a slot still gets a speaking score (note "no interview" on the sheet).

◆ YOU NEED

- ◆ **C15:** per learner, the writing paper; one negotiation card each (cut out); the score sheet; a phone timer
- ◆ **C16:** the pitch brief and the interview preparation sheet (give both out in Class 14); question slips; the objection cards and interviewer card (teacher pages); a screen if learners use one slide
- ◆ The rubric, the model answers and "what to listen for": <assessment/assessment-key.html>
- ◆ Each learner's Class 1 and Class 8 scores, for the progress row

FAIRNESS AND SENSITIVITY

All companies, people, products and figures are fictional. The cover letter and interview can use the learner's real experience **or** the role-card profile; both are scored the same way. Learners with foreign qualifications or a career change may describe them as they wish ("My degree was earned abroad and has been evaluated as..."). Never ask why they left a job, why there is a gap, or about immigration or family. In the negotiation, keep the conflict commercial (price, dates, terms); if a pair drifts into a personal argument, pause them with "Let's go back to the terms on your cards."

Writing: Proposal & Letter

Name: _____

Date: _____

Start time: _____

You have 60 minutes. Spend about 35 minutes on Task 1 and 25 minutes on Task 2. In Task 2, choose one option.

Task 1 · Proposal: executive summary & recommendations

about 35 min

You are an operations analyst at the **Riverside warehouse** of **Northwind Logistics**. The Operations Director, **Ines Carvalho**, has asked for a short proposal on how to reduce packing errors. Your colleagues have written the background and findings. You write the two most important sections.

KEY DATA (RIVERSIDE WAREHOUSE)	Q1	Q2
Orders shipped per month	about 12,000	about 12,000
Orders returned because of packing errors	2.1% (about 250/month)	4.8% (about 580/month)
Average cost of one error return (shipping, repacking, staff time)	\$38	\$38
Customer complaints that mention packing	up 70% from Q1 to Q2	

CAUSES OF ERROR RETURNS IN Q2	SHARE
Wrong label	52%
Wrong item packed	31%
Item damaged during packing	17%

OPTION	COST	EVIDENCE
A. Barcode scanners at all 8 packing stations	\$16,000 one-off + \$150/month support	A pilot at the Eastfield warehouse cut label and wrong-item errors by about 60%.
B. Two extra quality checkers	\$84,000 per year	Together they could check about 30% of orders.
C. Half-day refresher training for all 24 packers	\$3,500	The trainer expects damage-in-packing errors to fall by about a third.

Write two sections of the proposal to Ms. Carvalho:

1. Executive Summary (about 90–130 words): the purpose, the key findings, and your main recommendations. It must make sense on its own.

2. Recommendations (about 130–180 words): at least two actions in **priority order**, each with its cost and expected benefit, tied to the data. Say which option you do **not** recommend, and why.

Use a formal, objective register, headings, and numbers from the data. You may round figures.

[illegible]

This image shows a blank sheet of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

Words: Executive Summary _____ · Recommendations _____

Task 2 · Choose ONE: a cover letter or a formal email

about 25 min

Option A · Cover letter (about 180–230 words)

Operations Coordinator — Kestrel Design

Kestrel Design is a design studio of 40 people. We are looking for an Operations Coordinator to keep our projects running smoothly.

You will: coordinate project schedules and supplier deliveries · prepare weekly status reports · be the first point of contact for clients' logistics questions.

You have: 3+ years coordinating operations or projects · clear written English · a calm, organized communication style · experience with scheduling software.

Apply to: Ms. Joanne Hale, Studio Manager.

Write a cover letter to Ms. Hale. Use **your own experience** (real, or from a previous job) **or** the role-card profile below. Include: an opening that names the role, a "why you" paragraph with evidence that matches the ad, a "why them" sentence, and a confident close.

Role-card profile (optional): Sam Rivera. 5 years as a logistics coordinator at Corran Trading, a mid-size importer · introduced a shared delivery calendar that cut late deliveries by 20% in one year · writes weekly status reports for three department heads · trained four new team members on the company's scheduling software · degree in business administration, earned abroad and evaluated as equivalent to a U.S. bachelor's degree.

Option B · Formal email (about 150–200 words)

You are an account manager at **Northwind Logistics**. A client, **Mr. Julian Ferris** of **Tallis Print Co.**, has asked for (1) a **12% price reduction** on next year's delivery contract and (2) **Saturday deliveries**.

Your manager's notes

- 12% is not possible (fuel and staff costs have gone up this year).
- We can offer 6% if they sign a **two-year** contract.
- Saturday deliveries: possible at **+\$45 per delivery**. Or offer a guaranteed **two-hour weekday morning window** at no extra cost.
- Suggest a short call next week to agree the details.

Write a formal reply to Mr. Ferris. Thank him, decline the 12% diplomatically with a reason, make a **conditional** offer, answer the Saturday request, and propose the next step.

I chose: ☐ Option A ☐ Option B (Option A: I used ☐ my own experience ☐ the role card)

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

This image shows a single sheet of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

Number of words (approximately): _____

Stop here. Check names, figures, your greeting and your sign-off.

NEGOTIATION · SCENARIO 1 · DELIVERY CONTRACT RENEWAL

SCENARIO 1 · CARD A · SELLER

Account Manager, Northwind Logistics

Brightline Foods' one-year delivery contract ends next month. You're meeting their purchasing lead to renew it. Current terms: **\$85 per delivery**, standard 4-hour delivery window, payment in 30 days.

- ◆ **High priority:** a **two-year** contract (it lets you plan trucks and staff).
- ◆ **Price:** ideally keep \$85. Your absolute minimum is **\$80**.
- ◆ **Payment:** you prefer 30 days; you can accept 45 days *if* they sign for two years. Never 60.
- ◆ **Morning 2-hour windows** cost you a little more to plan, but you can offer them.
- ◆ **In reserve:** free pickup of returned goods (it costs you very little).
- ◆ **Your alternative (BATNA):** another client wants this truck capacity. Below \$80, walk away politely.

Planning: opening line · one question about their interests · two "If you..., we'll..." offers · what you keep for the close

SCENARIO 1 · CARD B · BUYER

Purchasing Lead, Brightline Foods

You're renewing your delivery contract with Northwind Logistics. Current terms: **\$85 per delivery**, standard 4-hour delivery window, payment in 30 days.

- ◆ **Price:** your budget has been cut by 8%. Target: **\$78**. You'd like to stay below \$83.
- ◆ **High priority (the real problem):** deliveries that arrive after 11 a.m. disrupt shelf-stocking in your stores. A **guaranteed 2-hour morning window** is worth a lot to you.
- ◆ **Contract length:** you can commit to two years if the price is fixed for both years.
- ◆ **Payment:** your finance team wants 60 days; 45 is acceptable.
- ◆ **Nice to have:** pickup of returned goods.
- ◆ **Your alternative (BATNA):** another carrier offered \$78, but with no morning windows.

Planning: opening line · one question about their interests · two "If you..., we'll..." offers · what you keep for the close

SCENARIO 2 · CARD A · AGENCY

Project Lead, Kestrel Design

You're agreeing a website redesign with Oakridge Garden Centers. Your quote: **\$24,000**, launch in **10 weeks**, 2 rounds of revisions, 50% paid upfront.

- ◆ **High priority:** a **12-month support contract** at **\$400/month** (steady income for your studio).
- ◆ **Price:** your minimum is **\$21,000**.
- ◆ **Timing:** a faster launch is possible only if the scope is smaller (for example, the shop pages first, the blog later) or for **+\$3,000** (an extra designer).
- ◆ **Revisions:** 3 rounds is fine; 4 is too many.
- ◆ **Payment:** you can accept 40% upfront *if* they sign the support contract.
- ◆ **Your alternative (BATNA):** your studio is busy; another client can start in two weeks.

Planning: opening line · one question about their interests · two "If you..., we'll..." offers · what you keep for the close

SCENARIO 2 · CARD B · CLIENT

Marketing Manager, Oakridge Garden Centers

Kestrel Design quoted **\$24,000** for your new website: launch in 10 weeks, 2 rounds of revisions, 50% paid upfront, plus a monthly support contract.

- ◆ **High priority (the real problem):** your **spring sale starts in 7 weeks**. The **shop** and **opening-hours** pages must be live by then. The blog can wait.
- ◆ **Price:** your maximum budget is **\$23,000**.
- ◆ **Revisions:** you'd like 4 rounds; 3 is acceptable.
- ◆ **Payment:** 30% upfront is best for your cash flow; 40% is possible.
- ◆ **Support contract:** you'd sign for a year if it is **\$350/month or less**.
- ◆ **Your alternative (BATNA):** a freelancer offered **\$18,000**, but can't launch before the sale.

Planning: opening line · one question about their interests · two "If you..., we'll..." offers · what you keep for the close

◆ DEAL MEMO · WRITE ON THE BACK OF YOUR CARD AFTER THE NEGOTIATION (3-5 MINUTES)

Write the confirming email you'd send straight after the meeting: **Subject** · greeting · "Just to confirm what we agreed:" · 3-4 bullet points (every term, with numbers) · the next step · a warm close. If you did **not** reach a deal, write what was agreed so far and the next step.

Capstone Pitch Brief

Name: _____

Partner (pair pitch): _____

My slot: _____

Prepare and rehearse this in Class 14 and at home. In Class 16, you'll pitch for **5 minutes**, then answer **questions** (your teacher asks one; the audience asks one). In a pair pitch, **each** of you speaks for at least 2 minutes and answers at least one question.

1. Choose your topic

- ◆ **Your own idea:** an improvement at your workplace (real or role card), or, if you're looking for work, an idea for a company you'd like to join.
- ◆ **The Review Project:** the approach you prepared for Lesson 4.3.
- ◆ **A brief from the list below** (all figures are fictional; you may invent sensible extra details).

Brief 1 • Northwind Logistics: "Arrival alerts"

18% of home deliveries fail the first time because nobody is home. Each failed delivery costs about \$22. Idea: an automatic text message to the customer 30 minutes before the driver arrives. A test on two routes cut failed deliveries by half. **Ask:** approve a 3-month trial on 10 routes (\$2,400).

Brief 2 • Brightline Foods: "Crates, not cardboard"

Brightline spends about \$4,100 a month on cardboard boxes for deliveries to grocery stores. Idea: 1,500 reusable plastic crates (\$9,000) that stores return with the next delivery; crates last about three years. One store has already agreed to try. **Ask:** approve a 6-month pilot with two stores.

Brief 3 • Kestrel Design: "Focus Friday mornings"

Designers spend about 14 hours a week in internal meetings; in a staff survey, 68% said they can't find time for focused work. Idea: no internal meetings on Friday mornings. One team tried it: on-time project delivery rose from 71% to 85%. Cost: none. **Ask:** approve an 8-week trial for the whole studio.

2. Build it (tick when done)

PART	WHAT TO INCLUDE	✓
Opening (about 45 sec)	Greet · introduce yourself and the topic · a hook (a question, a striking number, a short story) · the purpose and what's in it for them · outline · questions at the end	☐
Problem	The pain the audience feels, with one number	☐
Solution	Your idea, in one or two sentences	☐
Benefits	At least two features turned into benefits: "...which means that..."	☐
Evidence	A result, a pilot, a comparison; describe one chart or figure if you use a slide (introduce it → point to what matters → say what it means)	☐
Close	"So, to sum up..." · one clear, specific call to action · thanks · invite questions	☐
Signposts	One transition between every part ("This brings me to...", "Let's move on to...")	☐
Q&A	Two objections you expect, and how you'll acknowledge, clarify and respond to each	☐

Notes on one card or one slide only. Keywords, not sentences. Rehearse aloud at least twice with a timer.

My call to action: _____

Objection 1 I expect: _____ **My answer:** _____

Objection 2 I expect: _____ **My answer:** _____

Mock Interview: Preparation Sheet

Name: _____

Job: _____

Slot: _____

Your teacher will interview you for about **8 minutes** (6–8 questions). Choose a job below, or bring a real job ad for a job you want. You can use your real experience or a role card. You will **not** be asked about salary, visa status, age, family, or gaps in your employment.

A · Operations Coordinator, Kestrel Design

Coordinate project schedules and supplier deliveries · weekly status reports · first contact for clients' logistics questions. (*The same ad as Class 15.*)

B · Customer Success Associate, Brightline Foods

Look after 30 grocery-store accounts · solve order and delivery problems by phone and email · run a monthly check-in call with each store.

C · Logistics Planner, Northwind Logistics

Plan daily delivery routes for 25 drivers · work with the warehouse and customer service · find ways to cut late and failed deliveries.

D · My own target job

Job title: _____

Three key requirements from the ad:

1. "Tell me about yourself" (present → past → future, under a minute)

2. Two STAR stories

Useful for: a tight deadline · a disagreement with a colleague · a difficult customer · improving a process · a mistake you learned from. Use "I" in the Action. End with a result, with a number if you can.

	STORY 1	STORY 2
S · Situation		

	STORY 1	STORY 2
T · Task		
A · Action (I...)		
R · Result		

3. One strength with an example · 4. Two questions to ask the interviewer

In the peer practice round, your partner uses the **learner interviewer card** below. Swap after 8 minutes.

LEARNER INTERVIEWER CARD · PRACTICE ROUND Ask these, in order. Listen; don't interrupt. 1 Tell me about yourself. 2 Why are you interested in this role? 3 Tell me about a time you had a very tight deadline. 4 What would you say is your greatest strength? 5 Tell me about a time you disagreed with a colleague. 6 Do you have any questions for us?	FEEDBACK FOR YOUR PARTNER · AFTER THE INTERVIEW Tell them one thing for each ☐ The answer I remember best, and why ☐ Did the STAR answer have a clear Result? ☐ Did they say "I" (not only "we") in the Action? ☐ One phrase or habit to keep; one to change
--	---

NEGOTIATION RUN-SHEET · CLASS 15

◆ ROUNDS (6 PAIRS)

ROUND	PAIRS	SCENARIO
1	____ & ____ · ____ & ____	1 · Delivery contract
2	____ & ____ · ____ & ____	2 · Website redesign
3	____ & ____ · ____ & ____	1 · Delivery contract

Give Card A (seller / agency) to the learner who needs **stretch**: they must protect a minimum and push for a long-term commitment. For **support**, allow the Lesson 3.2 phrase card on the table and note it on the sheet.

◆ SAY, BEFORE ROUND 1

SAY: *You have seven minutes. Start with a friendly opening, find out what matters to the other side, and trade: nothing for nothing. Before time is up, summarize what you've agreed. A deal isn't required. A clear, polite "we can't agree today, so here's the next step" is a good result too.*

Don't intervene in the negotiation. If a pair reaches a deal in 3 minutes, say "Check every item on your card: have you agreed all of them?"

◆ THE SHAPE OF A GOOD DEAL (DON'T TELL LEARNERS IN ADVANCE)

Scenario 1: the buyer's real interest is the **morning window**, not only price. A strong outcome: about \$80–82, two years with the price fixed, a 2-hour morning window, 45 days' payment, and (traded at the close) free returns pickup.

Scenario 2: the client's real interest is **launching before the spring sale**. A strong outcome: a phased launch (shop and opening-hours pages in about 6–7 weeks, the blog later), about \$22,000–23,000, 3 revision rounds, 40% upfront, and a support contract at \$350–400. You score the **language and process**, not the numbers: a learner who reaches a poor deal politely and clearly can still score well; a learner who "wins" by refusing to trade or by being rude cannot score high on Register & Tone.

OBJECTION CARDS · CLASS 16 Q&A (YOU ASK ONE PER PITCH)

OBJECTION · COST

"It sounds expensive. Why should we pay for this now?"

OBJECTION · ADOPTION

"What if people don't actually use it?"

OBJECTION · HISTORY "We tried something similar two years ago and it didn't work."	OBJECTION · TIMING "This isn't a good time. Why not wait until next year?"
OBJECTION · EVIDENCE "How will we know it's working? What will you measure?"	OBJECTION · OWNERSHIP "Who is going to manage this, and how much of their time will it take?"

Choose the card that fits the pitch best. For **support**, use the evidence or ownership card (they invite a factual answer). For **stretch**, use the history or timing card and add one follow-up: "And if the pilot fails?"

INTERVIEWER CARD · SCORED INTERVIEW (ABOUT 8 MINUTES)

◆ BEFORE YOU START

SAY: *Thanks for coming in. This is a practice interview for the [job] role, so treat me as the hiring manager. It will take about eight minutes. You can use your real experience or your role card. Ready?*

- ◆ Stand up to greet, offer a handshake if culturally comfortable for the learner, and invite them to sit: the opening is part of the interview.
- ◆ Ask **6–8 questions**: always 1, 2, 3 and 8; choose the others to fit the job and the time.
- ◆ Keep a neutral, friendly face. Use one follow-up per STAR answer if the Result is missing: "And what was the result?"

◆ NEVER ASK

- ◆ Salary history or expectations
- ◆ Visa, immigration or citizenship status; nationality; "Where are you really from?"
- ◆ Age, family, children, religion, health
- ◆ Why they left a job, or about gaps in employment
- ◆ Anything about a real current employer they haven't mentioned

If a learner raises one of these themselves (for example, a career change after a move), respond briefly and respectfully and move to the next question.

#	QUESTION	FOLLOW-UP / WHAT IT TESTS
1	Tell me about yourself.	Present → past → future in under a minute; ends by pointing at this job (Lesson 4.2)

#	QUESTION	FOLLOW-UP / WHAT IT TESTS
2	Why are you interested in this role, and in our company?	Uses the ad's words; one specific reason about the company
3	STAR: Tell me about a time you had to meet a very tight deadline.	"What exactly did <i>you</i> do?" · "And what was the result?"
4	STAR: Tell me about a time you disagreed with a colleague or manager. How did you handle it?	Diplomatic language when retelling a conflict (Lesson 2.3); no blaming
5	What would you say is your greatest strength? Can you give me an example?	Evidence, not adjectives ("I'm hard-working")
6	STAR: Tell me about a time you dealt with a difficult customer or client.	Acknowledge → solve → confirm; calm register
7	STAR: Tell me about a time you improved a process or made something work better. (<i>or:</i> Tell me about a mistake you made and what you learned.)	A quantified result; honest reflection
8	Do you have any questions for us?	At least one thoughtful question; a polite close ("Thank you for your time...")

Stretch (C1 learners, only if they opt in on their preparation sheet): "You have more experience than this role requires. Why this job?" · "Where do you see yourself in five years?" **Support** (B1 learners): let them keep the preparation sheet on the table, and ask 6 questions rather than 8.

SCORE SHEET · FINAL ASSESSMENT · ONE PER LEARNER

Two scores on the course rubric: **Writing** /20 (Task 1 and Task 2 together) and **Speaking** /20 (negotiation, pitch and interview together). Give each criterion **one** score, 1–5, based on all the evidence; the task columns are for quick notes. If the tasks point to different scores for a criterion, give the score that most of the evidence supports, and prefer the longer, more demanding task when it's evenly split (the proposal for writing; the pitch for speaking).

Learner: _____ Task 2 option: ☐ A ☐ B Role card: ☐ Adapted? _____

WRITING	TASK 1 · PROPOSAL NOTES	TASK 2 · LETTER / EMAIL NOTES	1–5
Task & Purpose	Summary standalone? ≥2 prioritized recommendations with cost + benefit? Rejects B with a reason? Words ≈ ____ / ____	All content points? Clear call to action / next step? Words ≈ ____	

WRITING	TASK 1 • PROPOSAL NOTES	TASK 2 • LETTER / EMAIL NOTES	1-5
Register & Tone	Formal, objective; evidence-based, not "I think"	Formal throughout; confident but not boastful (A); diplomatic refusal (B)	
Language Range & Accuracy	Document phrases ("It is recommended that..."); accurate figures	Cover-letter / refusal / conditional phrases; errors that confuse?	
Organization & Delivery	Headings; answer first; numbered, ordered recommendations	Paragraph plan; greeting and sign-off match	
Writing total			/20

SPEAKING	NEGOTIATION	PITCH + Q&A	INTERVIEW	1-5
Task & Purpose	Explored interests; traded; clear summary (deal memo)	All parts; clear call to action; answered the question asked	Answers the question; STAR complete with Result	
Register & Tone	Firm but polite; no flat "no"	Confident, honest, "you"-focused	Professional, positive, no badmouthing	
Language Range & Accuracy	Conditionals; proposing, rejecting, conceding	Signposting; features → benefits; describing data	Action verbs; past tenses in STAR; numbers	
Organization & Delivery	Stages; turn-taking; listening	Structure; eye contact; pace; stress; timing	Structured answers; fluency; pronunciation (accent itself is not scored)	
Speaking total ☐ no interview (scored from negotiation + pitch)				/20

PROGRESS	CLASS 1	CLASS 8	FINAL	CHANGE C1 → FINAL
Writing /20				
Speaking /20				

Biggest improvement (with evidence): _____

Next step after the course (at work, in a job search, or in another course):
